Rusty,

I sent a note to Myra, but have not heard yet the date of our NW referral (assuming it got done).

I think it would be better if it was referred again as a TOTAL project.

I think we can have both Towns do it to make sure we meet anyone's interpretation of the requirements.

I will ask Myra to send to them again, unless she finds previous mailing.

Mark,

I could have sworn that New Windsor did the referral to County Planning, but I may be thinking of the circulation that was done to them for intent to be lead agency. If it has not been done, let me know if you need any materials from us.

Thanks,

Rusty
